

## **Amy Evans**

The splendid Colorado mountains are where plein air artist, Amy Evans, calls home. These mountain streams and trails are often the subject of her oil paintings, capturing the breathtaking moments of a mountain view or the unexpected site of animals in their natural habitat. Each painting reflects Amy’s rich artistic talent, adventurous spirit, and love of Colorado’s resplendent landscape.

Her plein air pieces are known for the subtle color that she sees in nature, as well as her expressive brushwork. Collectors have remarked that her work doesn’t shout at you, it is quiet and serene.

Amy Evans work is exhibited in galleries in Colorado, New Mexico, and North Carolina. She is an associate member of Women Artists of the West, Oil Painters of America, a signature member of Plein Air Artists of Colorado, and a signature and founding member of Piedmont Outdoor Painting Society, North Carolina.
